- This class is hard, and it always will be there's nothing that will really change that. But the intellectual challenge and the workload better prepares us for the future. Mrs. Davis is a great teacher for this course and she really knows what she's doing!

- This class is hard and will always be hard. Ms. Davis does an outstanding job at this class and always offers help when needed.

- Developing your designs making corrections and becoming a better designer.

- i've learned new things about preparing my portfolio but that was about it.

25 - List suggestions you have to improve the course.

- I think that when go to buy our domain name for our website, that the cost should be included into our tuition. Some people in our class don't have money, a job, or even a debit card. It would take a lot of stress off of us and would help us greatly.

- I think that the money that we get every quarter until 7th should be for 7th and 8th quarter because we need the money more now than the first year we are here. also when we need to get a website host it should be in our tuition for those of us who dont have an income and cant ask anyone for money because their just as poor.

- It would help everyone substantially if this class had 2 teachers.

- Nothing to improve.

- more use of helping students with their work when they ask for the help.
